New building electrical construction, 3phase or single phase service line and any small electrician work in homes.

EDUCATION

2018

ANNA UNIVERSITY in KLNPC

DIPLOMA in EEE

80%

2015

SOURASHTRA HIGHER SECONDARY SCHOOL

10TH

75%

SKILLS

- Basic computer knowledge in XL , MS OFFICE AND SEND GMAIL. Know languages: TAMIL _read,write and speak. ENGLISH_read,write and little speak. HINDHI _read,write and little speak.

PROJECTS

ENERGY SAVING ESCALATOR OF METHDOLOGY

Normally due Ac 240v power supply,rectifier using Ac to DC converting then,due to DC voltage through in run tha DC motor.in this motor using between dynamo motor used energy saving. Next generate energy due to rectified in pure energy saved in 12v battery.sometimes Ac cutting time used battery output through the motor in DC power supply.another choice in external any load useful.in this concept using 50% energy saved.

ACHIEVEMENTS & AWARDS

- Any job opportunities using interested using businessmen development.and how to Improvement this job in analysis's

LANGUAGE

- TAMIL --READ WRITE AND SPEAK ENGLISH --READ WRITE AND LITTLE SPEAK HINDI --READ WRITE AND LITTLE SPEAK

INTERESTS
